A Warning to Mothers. Too much care cannot be used with

small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor off, and see that it is fresh, as rancid oil nauseates and has a ten-dency to gripe. If this does not check the bowels give Chamberlain's Colle Cholera and D'arrheea Remedy and then a dose of castor oil, and the disease will be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all daggists.

**OLD PEOPLE** AND THEIR TROUBLES

Old People have more of the pains aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted tarrh and suffered with its effects for many years. I tried various remedies began its use at once. My health was dreadful, and as I was getting along in years, I had most of the pains and ail, ments incident to that time of life; but shall be glad to read that any other part of West Florida can equal it and report through The Journal.

Fordyce, Ark. L. S. LOCKRIDGE.

Rheumatic pains, sleepless nights, fickle appetites, etc., are not imaginary with old people, as is sometimes thought, They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S.
